DESIGN NOTE: Our 9 piece ceramic log set can be used in any of the freestanding floor fireplaces to add a traditional feel.

Bluworld HÖMelments® is proud to introduce their new line of decorative vent free bio-fireplaces. Nu-Flame truly is the newest form of fire combining the best of modern design, technology and ecology.

Enjoy the warmth and beauty of a fireplace in any room of your home. Safe and effortless to use, Nu-Flame fireplaces are an economical choice for today's busy lifestyle. With an impressive selection of wall mounted, freestanding and tabletop models you're certain to find a design to enhance any setting.

Wall Mounted Bio-Fireplaces

Nu-Flame fireplaces burn only bio-ethanol fuel. We recommend Nu-Flame Bio-Ethanol Firelace Fuel, a clean, renewable green energy source made in the USA. Since they require no venting they are easy to setup and are smoke and odor free.

Nu-Flame fireplaces feature heat resistant finishes, tempered glass and quality stainless steel burners for extended enjoyment. Simply pour in the fuel, light and enjoy the newest form of fire.

Fire and Water Together Fountains Featuring Nu-Flame Burners

The beauty of fire and water in one amazing design element. Our new line of stainless steel and clear glass fire fountains feature quality long burning adjustable stainless steel burners and tempered safety glass wind screens.

GRANDE FIRE FOUNTAINS
